

BOOKS OF THE BIBLE

HOW TO USE THIS

This is simply one way you can use all of the materials you have received with this curriculum. Our goal is to provide you with more than enough materials for an hour long service so you may not be able to do everything in an hour. The length of time is really determined by how long you choose to spend on each activity. Most of these components are not dependant any of the others so if you feel the need to cut or rearrange in anyway, go for it!

Here's one way to use these materials for an hour long service.

Indicates Large Group

Indicates Small Group
